-'All Ireland Step Down The Line'

Solo Competition procedures:

*Dancers will line up side stage (arranged in dance order) in their masks with their bags. The dancers will all walk onstage together and stand in a large line around the stage on socially distanced markers in their masks.

*When it is your turn to do your step, you will take your mask off, place it in your bag and place your bag on the floor. Then go to the center mark on the stage.

*Each dancer will step to the center mark to start their step when it is their turn.

*Each step is 16 Bars and must be a right and a left foot.

*When your step is finished, you will walk back to your place in the line and put your mask back on.

*The above procedure is the same for both the Soft and Hard Shoe step down the line solo competitions.
